Mission

The Wisconsin State Law Library exists to serve the legal information needs of the officers and employees of this state, attorneys, and the public by providing the highest quality of professional expertise in the selection, maintenance, and use of materials, information and technology in order to facilitate equal access to the law. To carry out our mission, we offer a wide array of services.

MCLL & DCLL

Under contractual arrangements with Milwaukee and Dane Counties, the State Law Library manages the Law Libraries (MCLL & DCLL). These libraries are conveniently located in each county's courthouse. Small but bustling, our county branches provide a wide array of reference and information services to judges and court staff, county employees, attorneys, and self-represented litigants. Both maintain core print collections of primary and secondary Wisconsin resources and have public computers with access to Westlaw, Books Unbound (State Bar of Wisconsin's database), HeinOnline, LegalTrac, and Index to Legal Periodicals.

WSLL Website

The WSLL website is a virtual one stop shop for access to authoritative sources of legal and government information. The Legal Topics page alone contains thousands of links arranged in over 450 different topics, from Abandoned Property to Zoning Law. The Wisconsin Law page provides access to free, reliable sources of primary law such as statutes & administrative code, Supreme Court & Court of Appeals opinions, Attorney General Opinions, and local ordinances. You will also find federal law, tribal law and laws of other states. Search the library catalog, which includes records for print materials at all three of our libraries. Use our databases for journal and newspaper articles, county legal resources database, and much, much more to find what you are looking for faster, all from one website.

Electronic Legal Research Tools

Access subscription legal research tools without a charge from our public computers. We offer Westlaw, Index to Legal Periodicals, LegalTrac, HeinOnline, LLMC Digital, and League of Wisconsin Municipalities opinions and manuals at each of our library locations.

This collection contains Council meeting minutes and committee documents dating back to the 1950s. Detailed information, including an index that lists every committee document we have, is available on our Judicial Council

Replaced Pages Collections

We maintain two separate replaced pages collections. The first consists of superseded chapters and sections of the Wisconsin Administrative Code.
